ABDULLAH MOHAMMED ABDULLAH BAFARAG

Software Developer

KSA | 0503912245 | progabafarag@gmail.com | bafaragportfolio.vercel.app | www.linkedin.com/in/abdullahbafarag

Software Developer| Web & Mobile Developer | Problem Solver

Delivering Clean, Scalable Code, Modern Web Solutions, and High-Impact Software Engineering

CAREER SUMMARY

Software Developer with a **Bachelor's degree in Computer Science** and hands-on experience developing web and mobile applications. Proficient in **JavaScript, TypeScript, React.js, Astro.js, Flutter, C#, and Frappe Framework**, with practical experience in application development, REST API integration, state management, CRUD operations, local storage, and responsive UI development. Experienced in collaborative software projects and full-cycle application development, with a strong focus on clean code, problem solving, usability, and continuous technical learning.

KEY SKILLS

Hard Skills

Programming & Web: C#, HTML5, CSS3, JavaScript, TypeScript

Frameworks & Libraries: React.js, Astro.js, Flutter, Bootstrap, Frappe Framework

Development: Web Development, Mobile Development, REST API Integration, CRUD Operations, State Management, Local Storage, Responsive UI Development

Software Engineering: System Analysis & Design, Application Architecture, Problem Solving, Software Development Lifecycle

Soft Skills

Problem Solving & Analytical Thinking | Teamwork & Cross-functional Collaboration | Effective Communication | Time Management & Task Organization | Continuous Self-Learning & Adaptability | Adaptability under Pressure

PROFESSIONAL EXPERIENCE

Academic Attendance Management System | Sana'a, Yemen

Software Developer (Graduation Project) | Dec 2023 – Jul 2024

Software Developer (Graduation Project) Dec 2023 – Jul 2024

- Co-analyzed, designed, and developed an automated attendance management system for academic staff and employees using the **Frappe Framework**. .
- Contributed to system analysis, user workflow design, and interface improvements to support efficient attendance management.

Personal Developer Portfolio Web App | Independent Project

Frontend Developer | Independent Project | **2026**

- Architected and developed a responsive personal portfolio website using **React.js** to showcase technical skills, projects, and professional credentials.
- Implemented responsive layouts and performance-focused frontend development to provide a smooth user experience.
- Deployed the application to **Vercel** and configured it as a live professional portfolio.

Real-Time Chat Application

Flutter Developer | Independent Project | **2025**

- Designed and developed a cross-platform mobile chat application using **Flutter** and real-time messaging architecture.
- Implemented responsive UI components, state management, and real-time data handling to support instant messaging.
- Structured the application for maintainability and smooth user interaction across mobile interfaces

5-Day Weather Forecast Dashboard

React Developer | Independent Project | **2026**

- Architected and built a modern weather forecast dashboard using **React.js** to deliver real-time 7-day meteorological insights.
- Integrated asynchronous **REST APIs** (Open-Meteo) for dynamic data fetching, response parsing, and real-time UI updating.
- Applied scalable state management using the **React Context API** to streamline data flow across components and maintain a responsive UI layout.

To-Do Task Management Application

React Developer | Independent Project | **2026**

- Developed a responsive web-based task management MVP using **React.js** to enhance personal productivity and task tracking.
- Implemented full CRUD operations, inline task editing, and **Local Storage** persistence for seamless and rapid user interaction.
- Managed application state effectively using custom **React Hooks** to ensure clean code architecture, performance, and code maintainability.

EDUCATION

Sana'a University | Sana'a, Yemen | Oct 2021 – Aug 2024
Bachelor of Science in Computer Science (CS) | GPA: 83%

LANGUAGES

Arabic: Native **English:** Very Good
